Pałac Żółwin

Letter of Recommendation

It is my pleasure to recommend Savor The Catering as a highly professional and reliable partner in the field of premium event catering services.

The cooperation between Pałac Żółwin and Savor The Catering began last year with the signing of a framework agreement. Since then, we have successfully delivered several events together, all of which stood out for their excellent organization, exceptional service quality and refined aesthetic presentation.

Savor The Catering represents a modern approach to event catering, combining outstanding cuisine with a high level of hospitality and attention to visual detail. The dishes are not only delicious but also presented in an artistic and elegant manner, perfectly complementing the character of prestigious events organized at Pałac Żółwin.

We particularly value the company's extensive personalization possibilities – a wide selection of table linens, porcelain, glassware, cutlery and decorative elements allows for creating a cohesive and refined event atmosphere tailored to each occasion.

The Savor The Catering team demonstrates professionalism, flexibility and a deep understanding of the standards required for premium events. Thanks to this approach, every project is executed smoothly and at the highest level.

I confidently recommend Savor The Catering as a trusted catering partner for events that require excellence, professionalism and exceptional aesthetics.
